**Re: Village at Courtright Square / Franklin County**

Dear Mr. Kletrovetz:

This letter is written in follow-up to a construction storm water inspection I conducted at the Village at Courtright Square located near the intersection of Refugee Road and Courtright Road on May 20, 2010. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

**Sediment and Erosion Controls:**

- There did not appear to be any construction activity at the site or new homes under construction.
- Upon inspection, the sediment and erosion controls appear to be in compliance with the requirements of the General Storm Water Permit. No erosion appeared to be leaving the site.
- The sediment and erosion control inspections appeared to be adequate and up-to-date.
- The concrete wash containment pit needs to be repaired.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist
