Reconnaissance Inspection
Prairie Knoll MHP
Fayette County**

Dear Ms. Merriman:

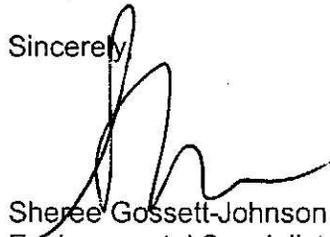

Enclosed is the Reconnaissance Inspection Report for the Prairie Knoll MHP wastewater treatment plant (WWTP). This inspection was conducted on September 5, 2008 by Ohio EPA personnel. The purpose of this inspection was to evaluate the condition and operating capabilities of the WWTP.

At the time of the inspection, the WWTP was not operating and the facility appeared abandoned, see attached photographs. In addition, after review of your file, it was found that your NPDES permit has expired.

To avoid escalated enforcement action, submit to this office, within twenty days of receipt of this notification, a complete NPDES permit renewal application (enclosed) to the attention of Suzanne Matz. In addition, provide this office a plan of action to provide sufficient over site of this WWTP to prevent any further violations of your NPDES permit. Your plan should include the dates, for completion of the actions.

If you have any questions or concerns, please call me at (614) 728-3847 or Suzanne Matz at (614) 728-3853.

Sincerely,
