Re: REPEAT OPEN BURNING OFFENSES ON PROPERTY OWNED BY YOU

Dear Mr. Lewis:

The Canton City Health Department, Air Pollution Control Division, is in receipt of information from the Canton Fire Department that they responded to an open burning fire on your property on November 5, 2011. In a follow up report, they stated that you were burning leaves, old furniture, and trash.

A review of our records found that, on April 28, 2009, a Canton Health Dept inspector viewed and documented evidence of significant open burning on your property.

Open burning for waste disposal is in violation of Ohio EPA regulations. I enclose a copy.

These fires were also in violation City ordinances governing fires. You can contact the Fire Department for more information on these ordinances.

No Ohio EPA enforcement is planned at this time, but please be aware that future violations could result in fines.

Sincerely,

Enclosures: OAC Rule 3745-19-03
