CESQG – NOV

Joe Candio  
Dyson Corporation  
53 Freedom Road  
Painesville, OH 44077

Dear Mr. Candio:

On March 29, 2012, Nyall McKenna and I, representing the Ohio EPA's Division of Materials and Waste Management conducted a hazardous waste compliance inspection of your facility located at 53 Freedom Road, Painesville, Ohio. We inspected Dyson Corporation (Dyson) to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

During the inspection, it was determined that Dyson is a conditionally-exempt small quantity generator of hazardous waste since less than 100 kilograms is generated per month. The following violations of Ohio hazardous waste laws were found during the inspection:

1. **OAC Rule 3745-273-13(D)(1), Universal Waste Lamp Container Management:** Universal waste lamps must be in closed containers or packages that are structurally sound and compatible with the type of lamp.

The boxes containing various sizes of universal waste bulbs were not closed. In addition, there were several waste bulbs that were not in boxes.

2. **OAC Rule 3745-273-14(E), Universal Waste Lamp Container Labeling:** Containers or packages of lamps must be labeled with the words "Universal Waste-Lamps" or "Waste Lamps" or "Used Lamps."

The boxes of waste lamps were not properly labeled.

Please submit a picture of the properly containerized and labeled universal waste lamps.

Dyson needs to immediately take the necessary measures to return to compliance with Ohio's environmental laws. Within 14 days of receipt of this letter, Dyson is requested to provide documentation to this office including the steps taken to abate the violations cited above. Documentation can include written correspondence, updated policies and/or photographs. It can be mailed or submitted electronically to:

[paul.dolensky@epa.state.oh.us](mailto:paul.dolensky@epa.state.oh.us).

Please be advised that violations cited above will continue until they have been properly abated. Failure to comply with Chapter 3734 of the Ohio Revised Code and rules promulgated thereunder may result in a civil penalty of up to \$10,000 per day for each violation. If circumstances delay the abatement of violations, Dyson is requested to submit written correspondence describing the steps that will be taken to correct the violations and the date they will be completed.

You may be able to reduce the waste your company generates. If you find ways to recycle, reduce or eliminate the amount of waste that your company generates you may be able to reduce treatment and disposal costs as well as regulatory requirements.
