Dear Mr. Emmons:

Enclosed is the Compliance Inspection Report for the Ohio Department of Natural Resources, Deer Creek (ODNR) wastewater treatment plant (WWTP). This inspection was conducted on October 17, 2007, by Ohio EPA personnel in an effort to determine compliance with your National Pollutant Discharge Elimination System (NPDES) permit. At this time you are in non-compliance with your permit.

At the time of the inspection, the facility was found to be acceptable, however, you are in violation of the compliance schedule in your NPDES permit. Specifically, you have not submitted to this office a permit application for installation of a de-chlorination unit for "East Ramp", "West Ramp" WWTP and the "Beach" WWTP - outfalls 002, 003, and 004.

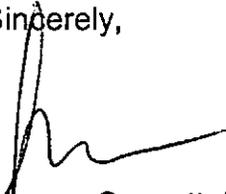

To avoid escalated enforcement action, please inform this office, in writing, within ten days of receipt of this notification as to the reason(s) for the above referenced violation(s), as well as a description of the action(s) taken or proposed to correct this violation(s). Your response should include the dates, either actual or proposed, for completion of the action(s).
