Re: Millennium Community School / Franklin County

Dear Mr. Roeder:

This letter is written regarding the storm water inspection that I conducted at Millennium Community School located at 3500 Refugee Road in Franklin County on July 13, 2009. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

Sediment and Erosion Controls

- Upon inspection, the sediment and erosion controls appear to be in compliance with the requirements of the General Storm Water Permit. All barren areas are stabilized with seed and straw.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851. Follow-up inspections will be conducted to ensure the conditions of the General Permit are continuing to be met.

Sincerely,

Gregory L. Sanders
Environmental Specialist
Division of Surface Water
Central District Office
