**Re: Village at Courtright Square / Franklin County**

Dear Mr. Kletrovetz:

This letter is written in follow-up to a construction storm water inspection I conducted at the Village at Courtright Square located near the intersection of Refugee Road and Courtright Road on July 13, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

**Sediment and Erosion Controls**

- Upon inspection, the sediment and erosion controls appear to be in compliance with the requirements of the General Storm Water Permit.
- Please be aware that the General Permit indicates that all sediment controls will be inspected and maintained every seven days or within 24 hours of a precipitation event equal to or greater than 0.5 inches. A log of inspection must be maintained on site for the agency to review.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851.

Sincerely,

Gregory L. Sanders  
Environmental Specialist  
Division of Surface Water
