Dear Mr. Lanuzza:

Airport Gun Club public water system (PWS) has violated Ohio's safe drinking water law. Specifically, the PWS failed to monitor for total coliform bacteria, nitrate, and nitrite, in accordance with Ohio Administrative Code Rules 3745-81-21(A)(2)(a), 3745-81-23(B), and 3745-81-23(C), respectively.

Owners or operators of public water systems that fail to comply with Ohio's safe drinking water laws and regulations are subject to civil penalties of up to \$25,000 per day per violation under Ohio Revised Code Section 6109.33.

To resolve your drinking water violations, remain in compliance, and avoid possible legal action that could include civil penalties, it is agreed that Airport Gun Club will:

1. Monitor for total coliform bacteria with a minimum of one routine sample per quarter from the distribution system and perform any required repeat monitoring, in accordance with rule 3745-81-21 of the Ohio Administrative Code.
2. Comply with the monitoring and reporting requirements in accordance with the 2009 and future contaminant monitoring schedules.
3. Contract with a certified laboratory to collect and analyze the required samples for twelve (12) months to help meet regulatory requirements and establish a routine of compliance. Within thirty (30) days of the effective date of this agreement, submit a copy of the completed contract to Ohio Environmental Protection Agency (EPA), Division of Drinking and Ground Waters, P.O. Box 1049, Columbus, Ohio 43216-1049, Attn: Ken Baughman.

Lee Fisher, Lieutenant Governor
Chris Korleski, Director

Sincerely,

Michael G. Baker, Chief
