**Re: Notice of Termination Inspection at American Wood Fibers Incorporated
Pickaway County
Permit #: 4GC02343*AG**

Dear Mr. Brengman:

This letter is written in follow-up to a construction storm water inspection by Amber Miller and Katie Anderson, of the Ohio EPA, conducted at American Wood Fibers Incorporated located at 2500 Owens Road on July 22, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, the following items were noted:

It appeared that construction activity has been completed for this site and all disturbed areas had been permanently stabilized. A Notice of Termination will be required provided the post construction requirements are met. Please address the following:

- The General Storm Water Permit requires specific post construction water quality treatment for all sites. Guidance regarding the post construction mandates can be found at: <http://www.epa.state.oh.us/dsw/storm/CGP-PC-Q&A.html>. Please submit to my attention (email preferred at harry.kallipolitis@epa.state.oh.us) which practice will be installed at this site to ensure compliance with the General Permit. Please include all design criteria with your submittal.
- A Notice of Termination (NOT) must be submitted once the post construction requirements are verified. The NOT form and filing instructions can be found at: <http://www.epa.state.oh.us/dsw/storm/stormform.html>.

Ted Strickland, Governor
Lee Fisher, Lieutenant Governor
Chris Korleski, Director
