Dear Mr. Donley:

This letter is written regarding the storm water I conducted at Meadowmoore, located in Fairfield County, on March 9, 2011. I understand that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

- The site remains well vegetative and stable
- Permit coverage must remain in effect until lot development is complete

If you have any questions regarding this letter or my inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844

Sincerely,

Harry A. Kallipolitis
