**Re: Construction Storm Water Inspection at Jaeger Commerce Park
Permit Number 4GC03201*AG**

Dear Mr. Van Land:

This letter is written regarding the storm water inspection I conducted at the Jaeger Commerce Park on March 8, 2011. The Agency understands these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following item must be addressed:

Sediment and Erosion Control:

The purpose of the inspection was to evaluate the temporary stabilization measures noted on-site. Approximately, 60 percent of the site was appropriately stabilized. Corrective measures are expected with seven days from receipt of this letter to protect the remainder of the site.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844 or email at harry.kallipolitis@epa.state.oh.us. In addition, please provide a written response to the action items addressed above within ten days from receipt of this letter. A follow-up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office.
