Re: Grace Bible Church / Franklin County

Dear Mr. Hadaway:

This letter is written regarding the storm water inspection I conducted of the construction activities at the Grace Bible Church, along Gender Road, in Franklin County, on December 1, 2010. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following was at the site:

Sediment and Erosion Controls:

There did not appear to be any construction activity at the site. The site was stabilized and no erosion was leaving the site. There is a very small area that may need to be reseeded in the spring. The project appeared to be in compliance with the permit.

If you have any questions regarding this letter or my inspection, please do not hesitate to call me at our Central District Office at (614) 728-3851.

Sincerely,
