**Re: Construction Storm Water Inspection at Deeds Wetland / Fairfield County
Permit Number: 4GC03497 *AG**

Dear Ms. Crews:

This letter is written regarding a storm water inspection conducted by Greg Mann and Lauren Burns of the Ohio EPA at Deeds Wetland located at Sugar Grove Road and Hocking River in Lancaster, Ohio on August 1, 2011. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- It appears there is active construction at this site. At this time, it appears there is adequate vegetation surrounding the site to minimize offsite sediment transport. Please be aware that as construction progresses, it will become necessary to employ sediment and erosion control in accordance with the approved Storm Water Pollution Prevention Plan (SWPPP).

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
