Re: **Storm Water Inspection at Kearney Court / Fayette County  
Permit #4GC03444\*AG**

Dear Ms. Baughn:

This letter is written regarding a storm water inspection conducted by Daelann Farnlacher and Lindsey Boaz of the Ohio EPA at Kearney Court located at Beaumont Court northwest of Oak Street and South Main Street on August 1, 2011. The Agency understands these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the staff noted the following:

- The sediment and erosion controls at this site are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844. Follow-up inspections will be conducted to ensure the conditions of the General Permit are continuing to be met.

Sincerely,

Harry Kallipolitis  
Storm Water Coordinator  
Division of Surface Water  
Central District Office
