Re: **Construction Storm Water Inspection at Bremen Dollar General
Fairfield County
Permit Number: 4GC03582 *AG**

Dear Mr. Bush:

This letter is written regarding a storm water inspection conducted by Greg Mann and Lauren Burns of the Ohio EPA at Dollar General located on State Route 664 just south of State Route 37 Bremen, Ohio on August 1, 2011. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

Sediment and Erosion Control:

- It appears the sediment and erosion controls are currently functioning properly. Please continue to monitor and ensure continued compliance with the General Storm Water Permit Associated with Construction Activities.
- As construction progresses and the retention ponds at the back of the site become functional, please be sure to install proper outlet structures to minimize off-site sediment discharge.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at harry.kallipolitis@epa.state.oh.us.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
