**Re: Construction Storm Water Inspection at Briars Patch Ranch / Franklin County  
Permit Number: 4GC03600 \*AG**

Dear Mr. Carroll:

This letter is written regarding a storm water inspection conducted by Greg Mann and Daelann Farnlacher of the Ohio EPA at Briars Patch Ranch located at 7277 Lithopolis Road Groveport, Ohio on August 2, 2011. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

**Sediment and Erosion Control:**

- This site appears to be void of any storm water controls. However, it appears the heavy surrounding vegetation is minimizing offsite sediment transport. However, additional sediment controls in accordance with the General Permit are expected within three days from receipt of this letter

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at 614-728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us).
