**Re: Storm Water Inspection at Carolina Color Corporation / Delaware County  
Permit Number: 4GR00137\*DG**

Dear Mr. Schwartz:

This letter is written in follow-up to a construction storm water inspection I conducted at Carolina Color Corporation of Ohio located at 100 Colomet Drive in Delaware, Ohio on July 27, 2011. The Agency understands these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

#### Notice of Termination

- It appears that the industrial activities located at 100 Colomet Drive in Delaware, Ohio have ceased. As a result, this facility must consider submittal of a Notice of Termination in order to terminate coverage of the General Storm Water Permit associated with industrial activities.

If you have any question regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3844 or email at [harry.kallipolitis@epa.state.oh.us](mailto:harry.kallipolitis@epa.state.oh.us). A follow-up inspection will be conducted to ensure the conditions of the General Permit are met.

Sincerely,

Harry Kallipolitis  
Storm Water Coordinator  
Division of Surface Water  
Central District Office
