**Re: Storm Water Inspection at The Shoppes at East Broad / Franklin County
Permit Number: 4GC02248*AG**

Dear Mr. Muckley:

This letter is written in follow up to a construction storm water inspection by Kelsey Heyob and Donny King of the Ohio EPA, conducted at The Shoppes at East Broad located on the corner of Broad Street and East Waggoner Road Reynoldsburg, Ohio on July 1, 2011. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

Sediment and Erosion Controls:

- The stream restoration appears to be satisfactory and will be re-evaluated later this fall.
- The erosion gulley is in the process of being repaired and must be graded, seeded, and mulched (See Figure 1).

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844. A follow-up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
Division of Surface Water
Central District Office
