**Re: Construction Storm Water Inspection at Ohio Soil Recycling
Franklin County
Permit Number: 4GC03436*AG**

Dear Mr. Elliott:

This letter is written regarding a storm water inspection conducted by Harry Kallipolitis, Greg Mann, Lindsay Boaz, Kelsey Heyob, and Daelann Farnlacher of the Ohio EPA at Ohio Soil Recycling located at 2101 Integrity Drive, Columbus, Ohio 43209 on May 17 and June 21, 2011. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, our staff noted the following issues associated with construction activities at this site:

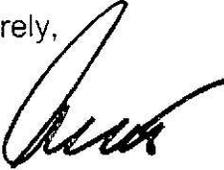

Sediment and Erosion Control:

- Our staff noted during the investigation that new sediment ponds for Phase 2 of this site have not yet been installed. Sediment Pond #1 (See Figure 1) must be installed in accordance with a new and approved Storm Water Pollution Prevention Plan. Sediment Pond #2 must also be installed. Please take corrective measures to install both sediment ponds within 10 days of receipt of this letter.
- It was also noted that all perimeter ditches must be re-graded to ensure all positive drainage of storm water to basins intended for sediment control.
- It is required that temporary skimmers be incorporated in both sediment ponds.
- During the investigation, our staff observed the lack of posi-shell protection on some of the wind rows as well as the stock pile at the entrance of the site. Please take corrective measures to minimize the erosion from these areas.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844 or email at harry.kallipolitis@epa.state.oh.us. In addition, please provide a written response (***email preferred***) to the action items addressed above within ten days from receipt of this letter. A follow-up inspection will be conducted to ensure the minimum conditions of the General Permit have been met.

Sincerely,

Harry Kallipolitis
Storm Water Coordinator
