Re: Noble Road Landfill
Return to Compliance

Dear Mr. Green:

In a letter dated March 2, 2012, the Ohio Environmental Protection Agency (Ohio EPA) provided a notice of violation occurring at Rumpke of Northern Ohio's, Noble Road Landfill (Facility). On March 16, 2012, Ohio EPA received correspondence from the Facility's Consulting Engineer Ron Zitek that documents abatement of the following violation:

| Citation | Requirement | Action taken |
|---------------------------|---|---|
| OAC Rule 3745-27-19(B)(1) | Compliance with Permit Terms and Conditions | Submitted a plan to survey EW-66R on an annual basis and to ensure proper elevations in future GCCS construction. |

Nothing in this letter shall be construed to authorize any waiver from the requirements of any applicable state or federal laws or regulations. This letter shall not be interpreted to release the owner or operator, or others, from responsibility under Chapters 3704, 3714, 3734, or 6111 of the Ohio Revised Code or under the Federal Clean Water Act, Resource Conservation and Recovery Act, or Comprehensive Environmental Response, Compensation, and Liability Act for remedying conditions resulting from any release of contaminants to the environment.

If you have any questions regarding this review, please contact me at (419) 373-3062

Sincerely,

Edward K. O'Loughlin
Environmental Specialist 2
Division of Materials and Waste Management
