RE: Complaint Investigation

Dear Mr. Stebel:

Based on our records, it appears the Ohio EPA has not officially responded to your letter dated August 17, 2010, sent in response to the August 3, 2010, Notice of Violation. Your response included information concerning the waste evaluation of five drums on your property. The Ohio EPA conducted a follow-up inspection and determined **Las-Stik Manufacturing Company has abated the violation discovered during the June 29, 2010 inspection.**
