Dear Mr. Hayduk:

Thank you for your correspondence received by Ohio EPA on July 13, 2011. Your letter responded to the violations found during the May 24 and 25, 2011 inspection of Luke Engineering & Mfg. Co. Your letter and pictures document the correction of the violation noted in my June 29, 2011 letter:

- 1. OAC 3745-273-13(D)(2): Universal waste lamp management standards. Spent lamps must be stored in containers or packages (boxes) that are structurally sound, adequate to prevent breakage, and compatible with the contents of the lamps.**

Sincerely,
