Dear Mr. Wickemyer:

Thank you for your telephone call of April 30, 2008. It appears that the issues relating to used oil management as addressed in Ohio EPA's April 23, 2008, letter to you have been satisfactorily resolved.

If you have any further questions, please call me at (330) 963-1266. Thank you for your cooperation in this matter.

Failure to list specific deficiencies in this communication does not relieve J.D. Byrider from the responsibility of complying with all applicable hazardous waste regulations including used oil management requirements. This letter does not relieve your facility from liability for any past or present violations of the state's hazardous waste laws.

Sincerely,

Kris Coder
