RE: Ohio EPA Facility ID 0855100527  
Annual Reporting Requirements for Emissions Unit P001

Dear Mr. Simpson:

### WARNING LETTER

Upon review of OKI Electronic Sales, Inc.'s files, the Regional Air Pollution Control Agency (RAPCA) has determined that OKI Electronic Sales, Inc. (OKI) has not submitted annual reports as required by permit terms and conditions for emissions unit (EU) P001 (Varnish Dip Tank and 3 Associated Ovens).

Specifically, Part II.D.2 of the Permit to Operate (PTO), issued on November 29, 2005, for EU P001 states that the permittee shall submit annual reports which specify the total volatile organic compounds (VOCs) emissions from EU P001 for the previous year by January 31 of the following year. Additionally, Part II.D.1 of the PTO states that the permittee shall notify RAPCA in writing of any monthly record showing the use of non-complying coatings, including a copy of any such record, within thirty (30) days following the end of the month.

On April 25, 2008, RAPCA issued a certified letter to OKI addressing the lack of reporting. The letter was received by OKI on April 25, 2007, and signed for by you, Robert Simpson. To date, no response to the letter or annual reports have been submitted to RAPCA by OKI. OKI is hereby officially notified of the failure to submit annual reports, as required by PTO terms and conditions. Failure to submit these reports is a violation of the PTO and Ohio Revised Code 3704.05. RAPCA requests that within thirty (30) days after receipt of this letter, OKI submit annual reports for the 2005, 2006 and 2007 calendar years for EU P001 and a compliance plan to ensure that all future annual reports will be submitted in a timely manner.

RAPCA appreciates your prompt attention to the reporting issues addressed. If you have any questions, please feel free to contact Brandie Lehman at 937-225-5923 or myself at 937-225-4453.

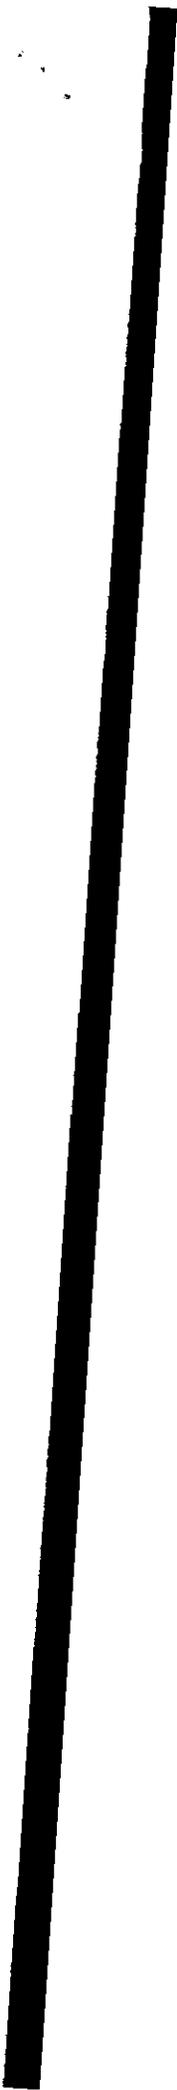

Sincerely,

Lesley A. Jenkins
