**RE: Ohio EPA Premises No. 0812100444  
Speedway SuperAmerica #1156 - 2996 Derr Rd., Springfield, OH 45501  
Failure to Pass Air to Liquid Ratio Test**

Dear Ms. Stanaway:

**WARNING LETTER**

On October 3, 2007, the Regional Air Pollution Control Agency (RAPCA) conducted an inspection and witnessed a performance test of the gasoline dispensing facility (GDF) at Speedway SuperAmerica LLC #1156 (SSA #1156) located at 2996 Derr Road in Springfield, Ohio. The purpose of this inspection and performance test was to determine the GDF's compliance status with applicable state and local air pollution control regulations. This inspection/test at SSA #1156 revealed violations of state and local air pollution control regulations.

SSA #1156 did show compliance through the completion of a successful static pressure decay test on October 3, 2007, however, this site failed to show compliance with the Air to Liquid ratio (A/L) testing requirements of CARB Executive Order G-70-150-AE on pumps #7 and #11. Failing to demonstrate compliance with the A/L performance test requirements is a violation of Ohio Administrative Code (OAC) rule and Clark County Combined Health District Air Pollution Control Regulations (CCCHDAPCR) section 3745-21-09 (DDD), OAC rule and CCCHDAPCR section 3745-15-04, and Ohio Revised Code (ORC) section 3704.05. On October 3, 2007, an Official Order was issued to SSA #1156 to make any needed repairs and reschedule testing within a thirty (30) day time period. A retest of this facility was scheduled for December 10, 2007, but was cancelled prior to the testing being completed.

Since the above noted GDF is currently operating in violation of OAC rules and CCCHDAPCR sections 3745-21-09 (DDD) and 3745-15-04, and CARB Executive Order

G-70-150-AE, it is imperative that SSA #1156 ensure that repairs are made to this site to correct the deficiencies, and reschedule A/L testing to demonstrate compliance.

**SSA #1156 shall respond within fourteen (14) days after receipt of this letter.** The response shall include the intended retest date for this GDF. Your tester should contact Lynn Thompson at (937) 225-4437, to ensure a RAPCA representative is present at your scheduled testing.

Failure to perform the required testing will subject this facility to further enforcement actions, which may include penalties. If you have any questions or comments concerning this matter, please feel free to contact me at (937) 225-5923.

Sincerely,

Brandie K. Lehman  
Air Pollution Control Specialist
