Re: Air emissions unit K001 reporting requirements
Facility ID: 0819070149

Dear Mr. Kerg:

WARNING LETTER

The Regional Air Pollution Control Agency (RAPCA) has recently been reviewing our files to determine whether or not facilities are in compliance with any reporting requirements identified in permit terms and conditions. Upon review of Shrader's Retreading (Shrader's) files, RAPCA identified that the permit for air emissions unit K001, Paint and adhesive application to tires, requires annual reports be submitted to RAPCA.

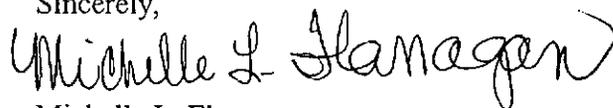

Specifically, Part II, Special Terms and Conditions, Section D.1., of the Permit To Operate (PTO) issued on 11/29/2005, requires that Shrader's submit annual compliance reports by January 31 of each year that specify the total OC emissions from all coatings, adhesives and cleanup materials employed. To date, RAPCA has not received the 2006 annual compliance report.

Shrader's is hereby notified of the failure to submit an annual compliance report to RAPCA as required by the Special Terms and Conditions of the PTO. The failure to submit the report is in violation of the PTO and Ohio Revised Code (R.C.) 3704.05. RAPCA requests that Shrader's submit the missing report for air emissions unit K001 within 14 days of receipt of this letter. Please include the calculations in the annual report. In addition, Shrader's shall submit a copy of the recordkeeping as outlined in Part II, Special Terms and Conditions, Section C.1.a.-f., of the PTO for the months of May and December 2006. In order to determine compliance, the recordkeeping forms must accompany the report.
