Re: Air emissions unit K001 reporting and recordkeeping requirements

Facility Identification: 08-57-043-118

### WARNING LETTER

Dear Ms. Durrett:

The Regional Air Pollution Control Agency (RAPCA) has recently been reviewing our files to determine whether or not facilities are in compliance with requirements identified in permit terms and conditions. Upon review of Merker Ornamental Iron, Incorporated (Merker) files, RAPCA identified that Merker is in violation of Permit To Install (PTI) 08-04495 issued June 5, 2003 and the Permit To Operate (PTO) issued November 30, 2005. Merker failed to submit the 2006 annual report for emissions unit K001, Paint Spray Booth.

Merker is required to collect and record the following information each day for the coating line per PTI 08-04495 and the PTO, Part II, Section C.1.a - c:

- a. The name and identification number of each coating employed.
- b. The volume, in gallons, of each coating employed.
- c. The volume, in gallons, of all coatings employed.

Additionally, Merker is required to collect and record the following information each month for the purpose of determining the annual Volatile Organic Compound (VOC) emissions per PTI 08-04495 and the PTO, Part II, Section C.2.a - e:

- a. The name and identification of each cleanup material employed.
- b. The number of gallons of each cleanup material employed.
- c. The VOC content of each cleanup material, in pounds per gallon.
- d. The VOC content of each coating, as applied, in pounds per gallon.

Ms. Durrett  
September 26, 2007  
Page 2

- e. The total VOC emissions from all coatings and cleanup materials employed, in pounds per tons.

Per PTI 08-04495, Part II, Section D.2., and the PTO, Part II, Section D.1., Merker shall submit annual reports which specify the total VOC emissions from this emissions unit for the previous calendar year. The report shall be submitted by January 31 of each year.

RAPCA would also like to make you aware of an additional reporting requirement for this unit. Per Part II, Section D.1. of PTI 08-04495 and the PTO, Part II, Section D.2., Merker shall notify RAPCA in writing of any daily record showing that the coating line employs more than the applicable maximum daily coating usage limit. These reports shall be sent within 45 days after the exceedance occurs.

Merker is hereby notified of the failure to submit the 2006 annual report as required by PTI 08-04495 and the PTO. The failure to submit the report is a violation of PTI 08-04495, the PTO and Ohio Revised Code (R.C.) 3704.05. RAPCA requests that Merker submit the 2006 annual report within 14 days of receipt of this letter.

RAPCA appreciates your cooperation in the above matters. If you have any further questions regarding the above matters, please feel free to contact me at 496-7467.

Sincerely,

Michelle L. Flanagan  
Air Pollution Control Specialist
