RE: **OEPA Facility ID: 0857043034**
Failure to Submit Required Quarterly Report and Permit Evaluation Report for Emissions Unit D002

Dear Mr. Tatum,

WARNING LETTER

The Regional Air Pollution Control Agency (RAPCA) has recently reviewed our files to determine whether permitted facilities are in compliance with the reporting requirements identified in their permit terms and conditions. Upon review of the facility files, RAPCA identified that Multi-Service, Inc. (MS) has not submitted all required reports for emissions unit (EU) D002 (Petroleum Dry Cleaning Operations).

Specifically, pursuant to part C.1(e)(1) of Permit-to-Install and Operate (PTIO) P0104690, issued May 18, 2009, for EU D002, MS is required to submit quarterly deviation reports that identify:

- a. All deviations of the volatile organic compound (VOC) 12 month rolling emissions limitation of 99.0 tons per year (TPY).
- b. The probable cause of each deviation.
- c. Any corrective actions that were taken to remedy the deviation(s) or prevent future deviations.
- d. The magnitude and duration of each deviation.

MS did not submit the required quarterly deviation report for the first quarter of 2010 for EU D002. If no deviations of permit terms and conditions occur during a reporting period, a report stating such must be submitted to satisfy the quarterly reporting requirements. Quarterly reports must be submitted by April 30 (1st quarter), July 31 (2nd quarter), October 31 (3rd quarter), and January 31 (4th quarter), of each year covering operations during the previous calendar quarter. **Failure to submit all required quarterly deviations reports for EU D002 is a violation of PTIO P0104690 and ORC 3704.05.**

Additionally, pursuant to part C.1(e)(4) of PTIO P0104690, MS is required to submit an annual permit evaluation report (PER) covering the period of April 1 through March 31 by the following May 15 of each year. **MS failed to submit the PER covering April 1, 2009 through March 31, 2010, which was due by May 15, 2010, for EU D002. Failure to submit the required PER for EU D002 is a violation of PTIO P0104690 and ORC 3704.05.**

At this time, RAPCA requires that MS submit both the past due first quarter deviation report and PER for EU D002. These reports are required to be submitted electronically via the Air Services division of OEPA's online eBusiness Center within 14 days of receipt of this letter.

Your prompt attention to this matter is greatly appreciated. Please respond with the requested information within 14 business days following receipt of this letter. Thank you for your time and cooperation. If you have any questions regarding this matter feel free to contact me at (937)225-4453.

Sincerely,

Lesley A. Jenkins
Air Pollution Control Specialist
