Dear Mr. Stewart:

This letter is written regarding the storm water inspection conducted by Vinod Tujalpuram of Ohio EPA at OSU Lincoln & Morill Towers located at 1800 Cannon Drive, Columbus, Ohio on August 26, 2010. The Agency understands that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items were noted;

Sediment and Erosion Controls:

- It is evident that lack of maintenance is becoming problematic at this site (See Photos).
- Please submit your log of self inspection reports for review.

If you have any questions regarding this letter or the inspection, please do not hesitate to call me at our Central District Office at (614) 728-3844 or email at harry.kallipolitis@epa.state.oh.us. A follow up inspection will be conducted to ensure the conditions of the General Permit are met.

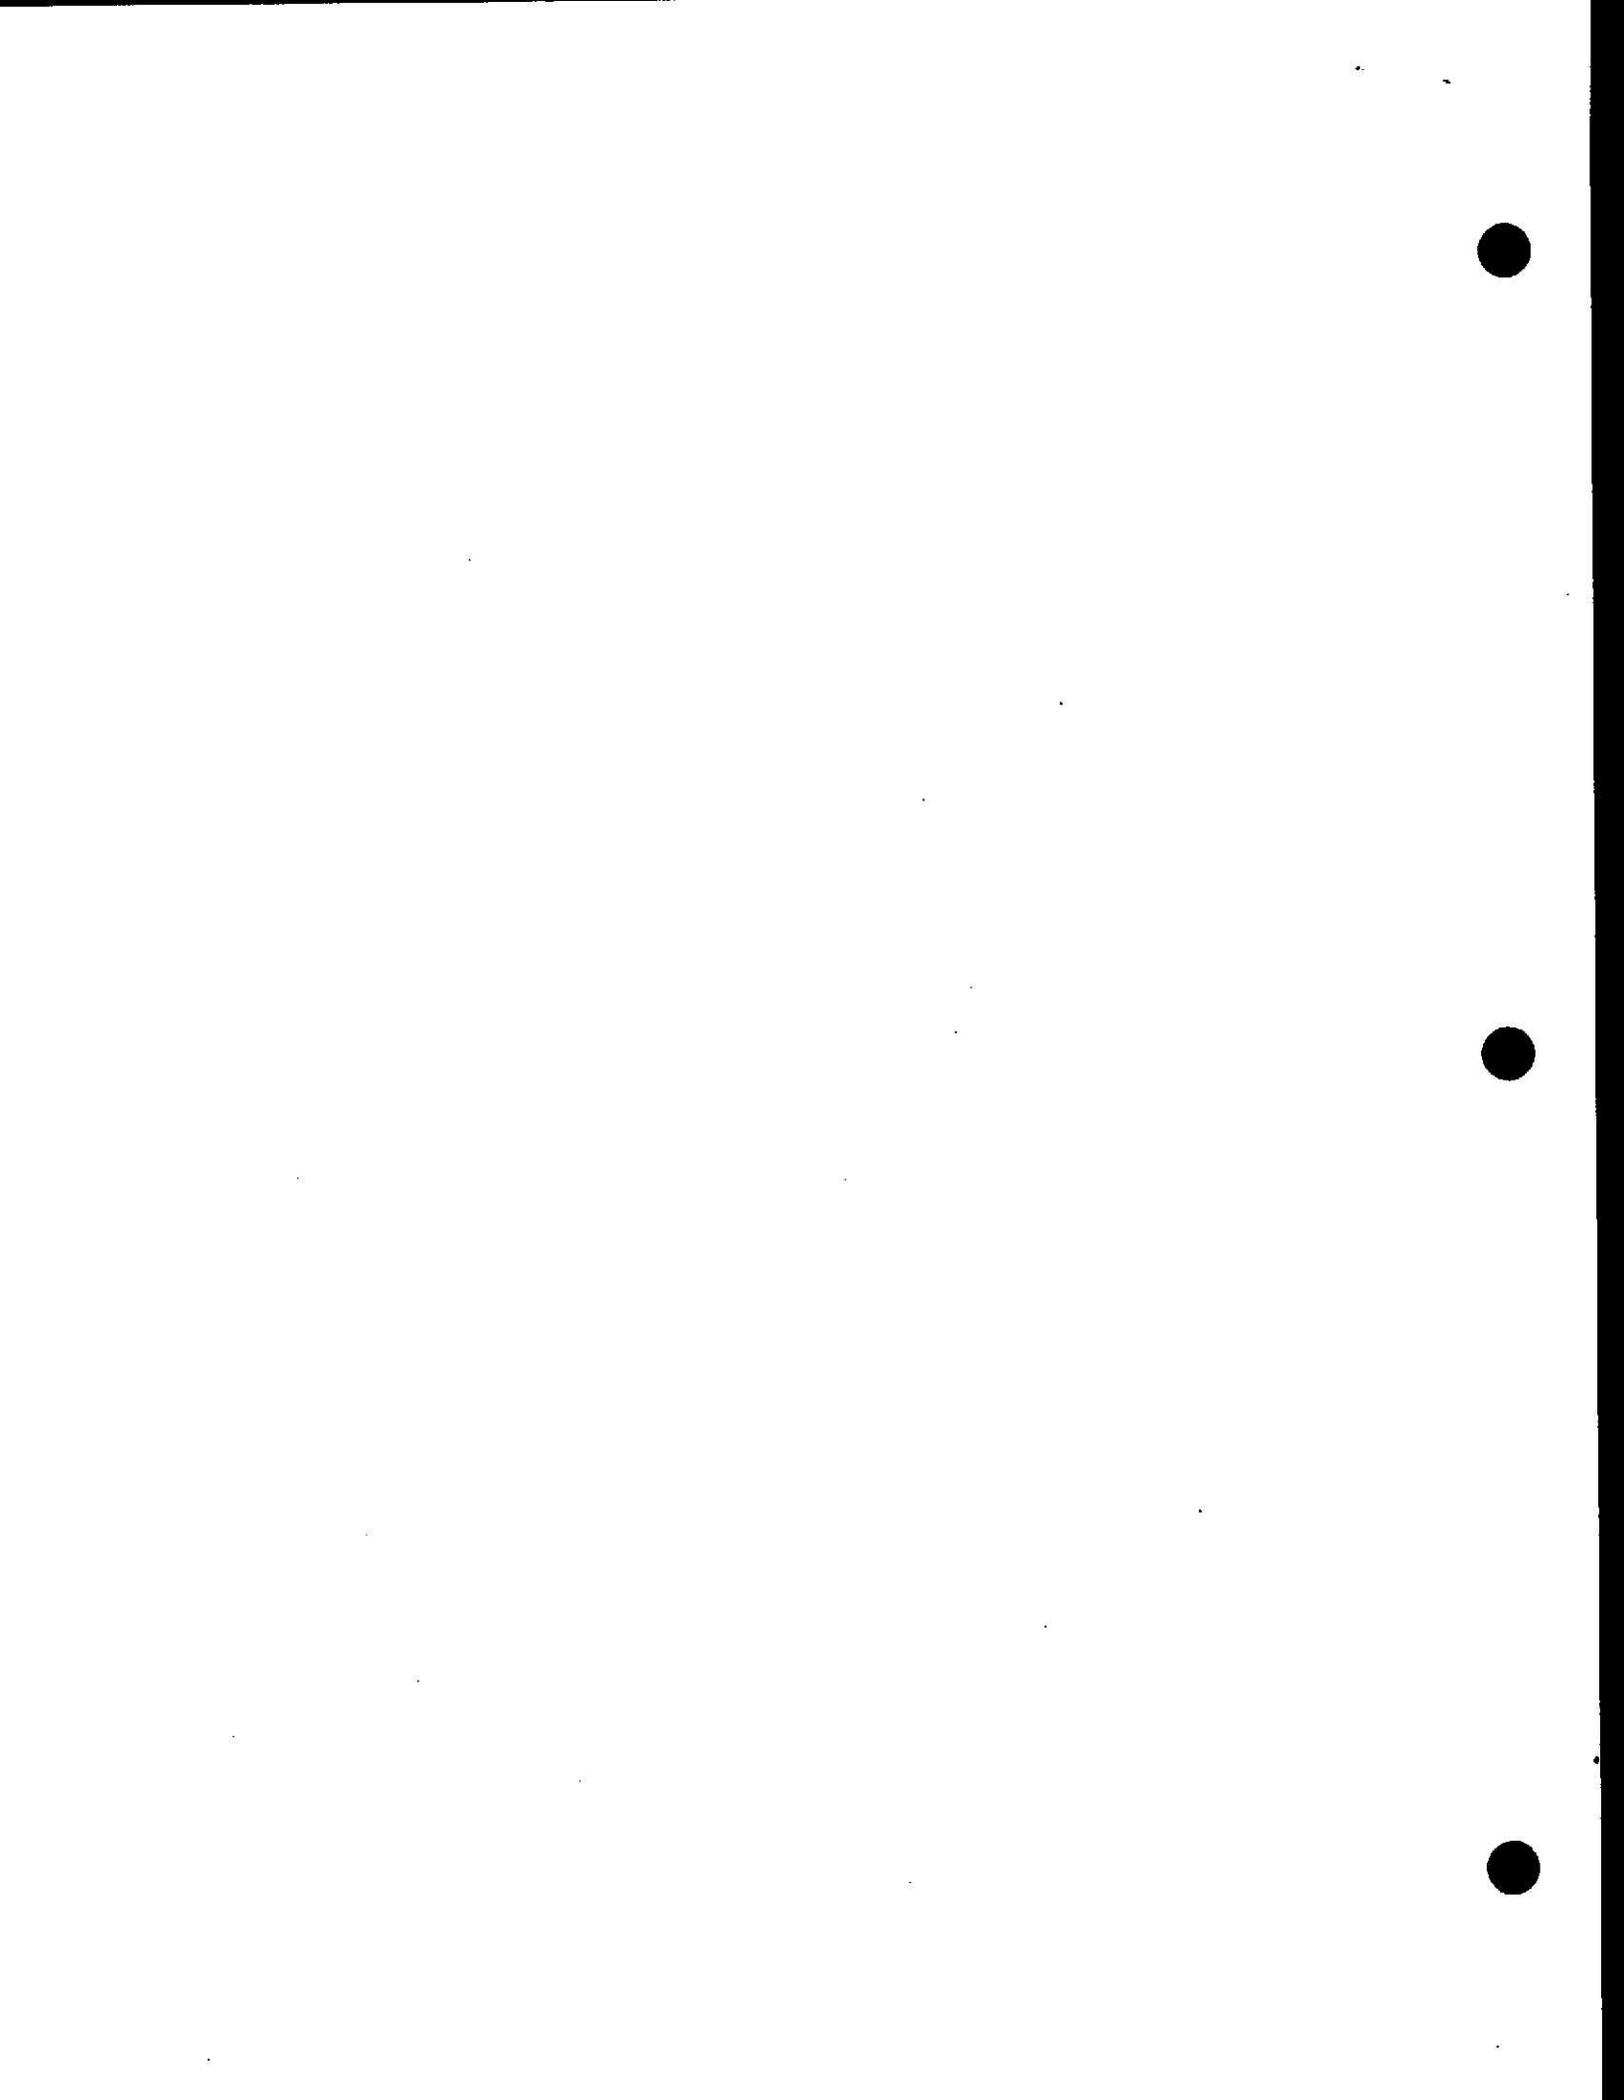

Sincerely,
