Dear Mr. Key:

This letter is written regarding the storm water inspection I conducted at Sugar Mill Subdivision in Licking County, on December 14, 2009. I understand that these construction activities are currently covered under the General Storm Water Permit Associated with Construction Activities. Based on the site inspection and the General Storm Water Permit, the following items must be addressed:

Sediment & Erosion Controls:

The site remains vegetated and stabilized. Please ensure all future lot development includes sediment and erosion controls.
