Re: Anchor 204 Business Park / Fairfield County

Dear Mr. Dillon:

This letter is written in follow-up to a construction storm water inspection that I conducted at Anchor 204 Business Park located near the intersection of Freedom Way and SR 204 on December 15, 2009. The purpose of the inspection was to evaluate compliance with the General Storm Water Permit Associated with Construction Activities. During the inspection, we noted the following:

Sediment and Erosion Controls

- There was no active construction at the site during the inspection. There did not appear to be any erosion leaving the site and all barren areas were stabilized. You appeared to be in compliance with your General Storm Water Permit.

If you have any questions regarding this letter or the inspection, please do not hesitate to contact me at our Central District Office at (614) 728-3851. Follow-up inspections will be conducted to ensure the conditions of the General Permit are continuing to be met.

Sincerely,

Gregory L. Sanders
