NOTICE OF VIOLATION – ACTION REQUIRED

February 18, 2010

RE: SUMMIT COUNTY
TOMASOS ITALIAN VILLA
NON-COMMUNITY, TRANSIENT
PWS ID: OH7743712

Ms. Betty Thomas
3271 Barber Road
Norton, OH 44203

Subject: Failure to Sample Drinking Water for Total Coliforms as Required

Tomasos Italian Villa is in violation of Ohio Administrative Code (OAC), Rule 3745-81-21 for failure to comply with the total coliform monitoring.

Monitoring Period: January 2010
Required Coliform Monitoring: 5 routine the month following a routine positive
Sample Results Submitted: 0

To ensure the safety of drinking water provided by your system monitoring for total coliforms is essential.

ACTION REQUIRED:

1. **Notify the people served by this water system** using one or more of the methods and the timing as required by OAC, Rule 3745-81-32 to reach all persons served.

Timing: As soon as practical, but no later than 30 days after learning of the violation:

- Posting in conspicuous location, such as bulletin boards, restrooms, drinking fountains, vending areas;
- Mail or other direct delivery to each customer;
- Newsletters or newspaper;
- E-mail to employees or students;
- Send to parents or guardians of children at schools or day care facilities;
- Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved). The language in italics on the enclosed public notice is mandatory and must be included, as written. Do not make changes to the public notice without consulting with the Ohio EPA beforehand.

2. **Complete the enclosed Verification Form within 10 days of issuing the Public Notice** and mail it to Ohio EPA - NEDO. Include a copy of each notice distributed, published or posted.

As stated in a letter sent January 13, 2010, a routine sample was collected from your facility on December 30, 2009 and determined total coliform positive. OAC Rule 3745-81-21 requires four repeat samples to be collected in a timely fashion and on the same day upon notification of the positive routine sample result(s). Tomasos Italian Villa did not collect the four required repeat samples and therefore are in violation of the OAC. A public notice water use advisory was required to be issued because of this violation. The public notice for the water use advisory must remain in effect until you obtain one complete set of four repeat samples that are determined total coliform negative.

Tomasos Italian Villa needs to collect a set of four (4) repeat samples, until one set is total coliform-negative to discontinue the Water Use Advisory. Notify the people served by the water system when the water use advisory is discontinued.

If total coliform samples were collected as required, submit the results as soon as possible. The monitoring violation would be rescinded and a reporting violation given for late submittal of the results.

If you have any questions, contact me at 330-963-1227.

Sincerely,

Ursula Musselman
Environmental Specialist
