**Subject: Notice of Violation of failure to issue public education materials for lead action level exceedance**

Dear Mr. Lamonica:

A review of our records indicates that your public water system incurred a violation of rule 3745-81-85 (C) of the Ohio Administrative Code (OAC) for failure to distribute lead public education information on lead in drinking water to each person served by the J & H Mobile Home Park water system by November 29, 2008. The delivery of public education material is required whenever a public water system exceeds the lead action level. Please refer to our letter of October 25, 2007, enclosed. Your public water system exceeded the lead action level during the sampling period of June - September 2007.

Please note that you are still required to distribute the lead public educational materials within 30 days of receipt of this letter and submit verification of distribution to this office not more than 10 days after distribution. Public education must be distributed every 12 months as long as the water system exceeds the lead action level.
