**Subject: Notice of Violation of failure to issue public education materials for lead action level exceedance**

Dear Mr. Zatchok:

A review of our records indicates that your public water system incurred a violation of rule 3745-81-85 (C)(4) and (C)(5) of the Ohio Administrative Code (OAC) for failure to distribute lead public education information via pamphlets, brochures, or electronic transmission on lead in drinking water to each person served by the Ellsworth Elementary School water system. Public education must be distributed every 12 months as long as the water system exceeds the lead action level. Your public water system exceeded the lead action level during the sampling period from June 1999 - September 1999. Our records indicate that no public education was issued for the years 2000 through 2004, 2006 and 2007. We did receive public education for 2005.

**Actions required as a result of the above violations**

Step 1	<p><b>Within 30 days</b> issue the attached public notice of the violation in accordance with rule 3745-81-32 of the Ohio Administrative Code by the following method(s) to reach all persons served by the public water system:</p> <p>1. Posting in conspicuous locations (restrooms, drinking fountains, vending areas, restaurants, bulletin boards, etc.)</p>
Step 2	<p>Fill out the attached verification form and send along with a copy of the public notification issued within 10 days to the Northeast District Office of the Ohio EPA.</p>
