To ensure the safety of drinking water provided by your system monitoring for total coliforms is essential.

ACTION REQUIRED:

Timing: As soon as practical, but no later than 30 days after learning of the violation:

- Posting in conspicuous location, such as bulletin boards, restrooms, drinking fountains, vending areas;
- Mail or other direct delivery to each customer;
- Newsletters or newspaper;
- E-mail to employees or students;
- Send to parents or guardians of children at schools or day care facilities;
- Posted notices must remain in place as long as the violation or situation exists, but in no case less than seven days (even if the violation is resolved). The language in italics on the enclosed public notice is mandatory and must be included, as written. Do not make changes to the public notice without consulting with the Ohio EPA beforehand.

- 2. Complete the enclosed Verification Form within 10 days of issuing the Public Notice** and mail it to Ohio EPA - NEDO. Include a copy of each notice distributed, published or posted.

If total coliform samples were collected as required, submit the results as soon as possible. The monitoring violation would be rescinded and a reporting violation given for late submittal of the results.
