BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY

In the Matter of:

Lucas Enterprises, Inc.	:	<u>Director's Final Findings</u>
14005 Madison Avenue	:	<u>and Orders</u>
Lakewood, Ohio 44107	:	

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Lucas Enterprises, Inc. ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 3704.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of the Respondent or of the facility (as hereinafter defined) shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3704 and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA makes the following findings:

1. Respondent owns and operates a gasoline dispensing facility ("GDF") located at 14005 Madison Avenue, Lakewood, Cuyahoga County, Ohio (Facility ID # 1318286223). On July 20, 2011, and pursuant to Ohio Administrative Code ("OAC") Rule 3745-31-03(A)(4), Respondent submitted a permit-by-rule ("PBR") notification form to the Cleveland Division of Air Quality ("CDAQ") for this GDF. This GDF is subject to the requirements of OAC Rule 3745-21-09(DDD) concerning Stage II vapor control systems.

2. CDAQ is the contractual agent for Ohio EPA in Cuyahoga County for the administration of Ohio's air pollution rules and laws.

3. ORC § 3704.05(G) states, in part, that no person shall violate any order, rule, or determination of the Director issued, adopted, or made under ORC Chapter 3704. OAC Rule 3745-21-09(DDD) was adopted by the Director pursuant to ORC Chapter 3704.

4. OAC Rule 3745-21-09(DDD)(1)(b) states, in part, that no owner or operator of a subject GDF may cause, allow, or permit the transfer of gasoline from a stationary tank at a GDF into a motor vehicle unless a vapor control system is installed, operated, and maintained in accordance with the manufacturer's specifications and the applicable California Air Resources Board ("CARB") certification, and is free from defect.

5. OAC Rule 3745-21-09(DDD)(1)(c) states, in part, that no owner or operator of a subject GDF may cause, allow, or permit the transfer of gasoline from a stationary tank at a GDF into a motor vehicle unless the vapor control system successfully passes the testing requirements contained in OAC Rule 3745-21-09(DDD)(2).

6. On September 2, 2009, Respondent conducted the Stage II compliance tests at this GDF. During the September 2, 2009 Stage II compliance tests, the static leak test passed while the A/L ratio test failed for dispenser 5 due to a low vacuum. Respondent was transferring gasoline into motor vehicles prior to and after the failed A/L ratio test. The failure to successfully pass the testing requirements in OAC Rule 3745-21-09(DDD)(2) while causing, allowing, or permitting the transfer of gasoline from a stationary storage tank into a motor vehicle were violations of ORC § 3704.05(G) and OAC Rule 3745-21-09(DDD)(1)(b) and (c). On April 26, 2010, Respondent conducted and passed an A/L ratio retest for dispenser 5.

7. On June 28, 2011, CDAQ conducted an inspection at this GDF and determined that Respondent had failed to conduct the 2010 annual Stage II compliance tests, in violation of ORC § 3704.05(G) and OAC Rule 3745-21-09(DDD)(2)(f). By letter dated July 11, 2011, CDAQ notified Respondent of the aforementioned violations.

8. On July 20, 2011, Respondent conducted the 2011 Stage II compliance tests at this GDF. During the July 20, 2011 Stage II compliance tests, the static leak test passed while the A/L ratio test failed for dispenser 5. Respondent was transferring gasoline into motor vehicles prior to and after the failed A/L ratio test. The failure to successfully pass the testing requirements in OAC Rule 3745-21-09(DDD)(2) while causing, allowing, or permitting the transfer of gasoline from a stationary storage tank into a motor vehicle were violations of ORC § 3704.05(G) and OAC Rule 3745-21-09(DDD)(1)(c). On August 24, 2011, Respondent conducted and passed an A/L ratio retest for dispenser 5. By letters dated August 9 and September 20, 2011, CDAQ notified Respondent of these violations.

9. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with the following Orders and their relation to benefits to the people of the State to be derived from such compliance.
