Dear Gentlemen:

The Ohio Environmental Protection Agency (Ohio EPA) has received the 2008 Annual Post Closure Report for the Mount Eaton Landfill located at 8544 TR105 in Navarre, Ohio. This document was received at the Northeast District Office (NEDO) on March 20, 2012.

The technical aspects of the 2008 Annual Operational Report have been reviewed by Ohio EPA to determine compliance with rule 3745-27-19(M) of the Ohio Administrative Code (OAC). As a result of this review, Ohio EPA has identified the following violation and deficiency:

VIOLATION:

1. **OAC Rule 3745-27-14(A)(6)(c)** requires the annual report to contain "*The most recent updated post-closure cost estimate adjusted for inflation and for any change in the post-closure cost estimate required by rule.*"

The annual report does not contain itemized cost estimates as required by the rule. Itemized cost estimates must be submitted with the annual report.

Please address the violation and submit a revised annual report to this office within 30 days of the receipt of this letter. If you have any questions regarding this review, please do not hesitate to call me at (330) 963-1224, or e-mail me at clarissa.gereby@epa.state.oh.us.
