Re: Meyer's Car & Truck Sales
Complaint #3123
OHR000167056
Putnam County
Return to Compliance

March 30, 2012

Mr. Chris Meyer, Owner
Meyer's Car & Truck Sales
420 East Washington Street
Pandora, Ohio 45877

Dear Mr. Meyer:

Thank you for your March 26, 2012, response to Ohio EPA's February 15, 2012, Notice of Violation/Partial Return to Compliance (NOV/PRTC) letter. The information you submitted included used oil management documentation. My review of the documentation submitted reveals that Meyer's Car & Truck Sales (Meyer's) has adequately demonstrated abatement of all of the violations cited in the February 15, 2012, NOV/PRTC.

The following is a summary of the violations cited in the February 15, 2012, NOV/PRTC as a result of my January 31, 2012, inspection and your compliance with respect to each:

1. OAC Rule 3745-279-22(C)(1): Labeling:

Containers, aboveground tanks, and fill pipes used for underground storage tanks shall be labeled or marked clearly with the words "used oil."

Meyer's had two 55-gallon drums of used oil outside behind the building and one portable carboy inside the shop that were not properly labeled.

At the time of my investigation, Meyer's properly labeled the two 55-gallon drums and the one carboy with the words "used oil".

This violation was previously abated on January 31, 2012.

2. OAC Rule 3745-279-24, Off-Site Shipment:

Generators shall ensure that their used oil is transported only by transporters who have obtained an EPA identification number.

Meyer's has been giving the used oil they generated to Northwest Ohio Recycling, Inc., who is burning it in their on-site burner.

On March 26, 2012, Meyer's submitted information regarding the management of used oil. Meyer's plans to have Crystal Clean in Perrysburg, Ohio, pick up the used oil for recycling.

With this information, this violation has been abated.
