RE: ALBRIGHT WELDING SUPPLY  
OHD 987 051 018  
WAYNE COUNTY  
NOTICE OF VIOLATION

Richard Mang  
Albright Welding Supply Co. Inc.  
3132 E. Lincoln Way  
Wooster, OH 44691

Dear Mr. Mang:

On April 17, 2012, I met with you at Albright Welding Supply located at 3132 E. Lincoln Way, Wooster, Ohio. The purpose of this was to determine if this facility was in compliance with Ohio's hazardous waste, universal waste and used oil laws and rules as found in Chapter 3734 of the Ohio Revised Code (ORC) and Chapter 3745 of the Ohio Administrative Code (OAC).

This facility generates a non-hazardous, water-based waste parts washing solution. Five gallons of this was last shipped to Safety-Kleen Systems in Plano, Texas on April 6, 2012. Waste batteries are generated which are taken to The Battery House for recycling. Waste lamps are generated and were last picked up for recycling by Heritage-Crystal Clean on June 18, 2009. Waste batteries and lamps are classified as universal waste.

The following violation was found:

1. **OAC Rule 3745-273-13 (D)(1) - Universal waste lamp containers.**

This rule requires universal waste lamps to be in closed containers or packages that are structurally sound and adequate to prevent breakage.

Albright violated this rule by having some of its waste fluorescent lamps not stored in a container. You must correct this violation and provide documentation of that to me.

The universal waste rules allow for the accumulation of universal waste for no longer than one year unless it is solely for the purpose of accumulation of such quantities to facilitate proper recovery or treatment. You had about five full containers of these waste lamps and had last shipped them out in 2009. For these reasons, you should now ship your waste lamps for recycling. **Please send me a copy of shipping papers once this has been done.**

The following documents were given to you during the inspection:
