Dear Ms. Anderson:

This office received a complaint on April 12, 2012, concerning open burning being conducted on property you lease to Todd Ward Trucking and T&T Transport. My investigation, conducted on April 17, 2012, shows the following materials were burned for disposal purposes within 1000' of adjacent residences in a restricted area: 40-42 tires, three mattresses, brush, stumps, home electronics, an unknown material containing fiberglass, automotive parts, two metal 55 gallon drums, glass bottles, steel cans, aluminum cans, aerosol cans, and pallets.

Based on these findings, there is sufficient evidence to determine that illegal open burning did occur and the complaint is justified. This is a violation of both Ohio Administrative Code (OAC) rule 3745-19-03(A) and Ohio Revised Code (ORC) 3704.05.

A copy of the OAC rules pertaining to open burning has been enclosed for your review because you, as the property owner, may be held liable for current and future violations. It is your responsibility to clearly communicate the open burning rules to your tenants and it is ultimately your responsibility to ensure that future violations do not occur on your property. Please provide a written response acknowledging your receipt of this letter and your understanding of the rules. If you do not understand the rules please contact this office for additional explanation before responding. Your response is requested no later than May 9, 2012.

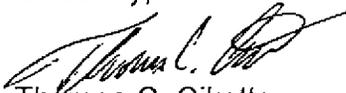

Because the fire has been extinguished, you are no longer in violation and the property is considered to have returned to compliance.
