**RE: STANWADE METAL PRODUCTS, TRUMBULL COUNTY, OHD 986 999 563  
NOTICE OF VIOLATION (NOV), RETURN TO COMPLIANCE (RTC), SQG**

Dear Mr. Nemeth:

On April 12 and May 4, 2012 the Division of Materials and Waste Management (DMWM) conducted a compliance inspection of Stanwade Metal Products located at 6868 State Route 305 Hartford, Ohio 44424. The purpose of the inspection was to determine Stanwade Metal Products compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC), and hazardous waste rules as found in Chapter 3745 of the Ohio Administrative Code (OAC). Ohio EPA was represented by Kris Coder, Nyall McKenna and myself. Stanwade Metal Products was represented by you, Bill Hamilton and Jeremy Kern.

During the inspection, Ohio EPA learned that Stanwade Metal Products manufactures above ground and below ground tanks. The manufactured tanks are painted on site. At the time of the inspection the facility was generating waste cleaning solvents, waste paints, used oil and universal waste (lamps). Stanwade Metal Products was inspected as a Small Quantity Generator (SQG).

Ohio EPA identified the following violations of Ohio's hazardous waste laws:

1. Used Oil Labeling, OAC rule 3745-279-22(C)(1):  
Containers used to store used oil at generator facilities must be labeled or clearly marked with the words "used oil."

The facility failed to label two, 55-gallon drums containing used oil.

This violation was abated during the inspection by labeling the containers. No further response is required to address this violation.

2. Inspections, OAC rule 3745-66-74:  
The owner operator must inspect areas where containers are stored, at least weekly, looking for leaks and for deterioration caused by corrosion or other factors. The owner or operator must record inspections in an inspection log summary.

The facility had failed to conduct or log weekly inspections for their hazardous waste storage area.

This violation was abated during the May 4, 2012 inspection noting that the inspections have been implemented since the April 12, 2012 inspection. No further response is required to address this violation.

You can find copies of the hazardous waste rules and other information on our division's web page at <http://www.epa.state.oh.us/dmwm.aspx>. Ohio EPA also has helpful information about pollution prevention at the following web address: <http://www.epa.state.oh.us/Default.aspx?alias=www.epa.state.oh.us/ocapp>.

Please be aware that on April 18, 2011 the Division of Hazardous Waste Management changed its name to the Division of Materials and Waste Management. Should you have any questions regarding this letter, please contact me at (330) 963-1246.

Sincerely,

John Paquelet
