Re: Intentional Barn Fire, 4505 Butterbridge Rd 11/25/09

Dear Chief Britton:

The Canton City Health Department, Air Pollution Control Division (APCD) represents the Ohio EPA in air quality matters within Stark County. As such, APCD employees are charged with the responsibility to investigate and enforce Ohio EPA (OEPA) air pollution regulations.

I came out to the scene of the waste disposal fire on Wednesday 11/25/09 and witnessed the fire. I returned on Monday, 11/30/09 and photographed the site. Roseman Building Company is in violation of Ohio EPA regulation Ohio Administrative Code 3745-19-04.

EPA's responses to such incidents ranges from informational letters, through official notices of violation, to enforcement. Right now, my supervisor is at the "Notice of Violation" level.

However, this could change. Do you have any past history with Mr. Roseman?

Would you send any written reports that you have on this fire (or past fires with Mr. Roseman)? You can e-mail them to me at gclark@cantonhealth.org or fax (330) 489-3335, or USPS.

Also, I was on scene at two barn disposal fires (July 24- Bison Street and Sept 25 – Orrville St.) conducted by Mr. Abe Troyer. I would like to pursue enforcement against Mr. Troyer. What documentation can you supply on your responses to his activities?

Thank you.

Gregory A. Clark, CHMM, CAHES
Air Pollution Control Engineer
