Dear Mr. Slaiman:

Thank you for the March 2, 2012 response letter to Ohio EPA's February 15, 2012, Notice of Violation. It described the corrections made for compliance related to:

Weekly Container Accumulation Area Inspections, OAC rule 3745-66-74.

Employee retraining and policy instructions have been implemented to ensure that inspections are done at least once every 7 days.

The information now received adequately demonstrates the abatement of the violation discovered at the Boehringer Ingelheim Roxane, Inc. Oak Street facility during my January 6, 2012 inspection.

Should you have any questions now or in the future relating to your hazardous waste compliance, please feel free to call me at (614) 728-3885.

Sincerely,

J. David Hohmann
Environmental Specialist
Division of Hazardous Waste Management
Central District Office
