Dear Mr. Young:

This letter acknowledges receipt of your e-mail correspondence dated April 6, 2012 and a letter from Mark Cush dated April 21, 2012 and received on April 26, 2012 responding to Ohio EPA's Notice of Violation (NOV) letter dated April 9, 2012.

My review of the documentation provided by this correspondence, which includes: a picture of a labeled used oil container, a picture of a labeled fill pipe for an underground storage tank for used oil, a picture of closed and labeled containers of used lamps, a shipping paper for used lamps and a procedure for managing used lamps, indicates that Young Volvo has adequately demonstrated abatement of the following violations from the March 29, 2012 inspection cited in my letter of April 9, 2012, specifically:

1. OAC 3745-273-13(D)(1) Small quantity handler must contain lamps in proper containers or packaging and containers or packaging must be closed.
2. OAC 3745-273-14(E) Small quantity handler must label containers or packaging holding universal waste lamps.
3. OAC 3745-273-15(C) Small quantity handler must be able to demonstrate length of accumulation.
4. OAC 3745-273-273-15(A) Small quantity handler may only accumulate for one year unless additional accumulation time is necessary to facilitate proper recovery, treatment or disposal
5. OAC 3745-279-22(C)(2) Fill pipes to underground storage tanks holding used oil must be labeled with the words "Used Oil"
6. OAC 3745-279-22(C)(1) Used oil containers must be labeled with the words "Used Oil"

Should you have any questions regarding this letter, please contact me at (330) 963-1165.

Sincerely,

Neil J. Wasilk
