NOTICE OF VIOLATION

**RE: Failure to Submit a Notice of Demolition for the Demolition of the Structure
Located at 5786 Cable Road, Cable, Ohio**

Dear Mr. McCully:

You are hereby notified that the Ohio Environmental Protection Agency (Ohio EPA) finds CDC of Ohio to be in violation of state and federal regulations as they relate to the proper filing of the Ohio EPA Notification of Demolition and Renovation form. Specifically, no prior notification was filed for demolition of the structure located at 5786 Cable Road, in Cable.

Subsequent to a complaint received on May 11, 2012, an inspection was conducted on May 14, 2012. It was determined that the structure located at 5786 Cable Road in Cable had been demolished. No notification was filed for demolition of the structure prior to commencing demolition activities.

The Ohio EPA and the U.S. Environmental Protection Agency require prior notification of planned activities at regulated structures. The notification is conducted through the submission of a completed Ohio EPA Notification of Demolition and Renovation form to the appropriate agency or office at least ten working days prior to any regulated demolition/renovation activity.

This inspection was conducted for the purpose of determining compliance with the Ohio Asbestos Emission Control Rules specified in Ohio Administrative Code (OAC) 3745-20 and the National Emission Standards for Hazardous Air Pollutants specified in 40 CFR Part 61, Subpart M.

The conditions found during this inspection constitute corresponding notification violations of OAC 3745-20-03 (A) and 40 CFR Section 61.145 (b).

At this time, Ohio EPA will consider these violations resolved through this Notice of Violation and trusts that you will take appropriate action to prevent any future violations.
