Mr. Greg Morris, Manager  
Dana Driveshaft Manufacturing, LLC  
777 Bible Road  
Lima, Ohio 45801

Dear Mr. Morris:

The Division of Air Pollution Control/Northwest District Office has reviewed the company's letter dated October 22, 2009 which documented exceedances of volatile organic compound (VOC) and daily coating usage limitations for emissions unit K001 - Line 120 - Nylon Coating Dipping Operation. Specifically, this emissions unit had a malfunctioning circulation pump over a four day period from September 26 to September 29, 2009. This caused an excess amount of reducing solvent to be used in the dip tank.

Over the four day period, average VOC emissions were 88.75 pounds per day, which exceeds the permit limitation of 71.0 pounds VOC per day. In addition, average coating usage for this period was 12.5 gallons per day, which exceeds the permit limitation of 10 gallons per day. These are violations of permit terms C.1.b)(1)a. and C.1.b)(1)b. in permit to install and operate No. P0086662, issued on February 3, 2009; Ohio Administrative Code (OAC) 3745-31-05(A)(3); OAC rule 3745-21-09 (U)(2)(e)(iii); and ORC 3704.05.

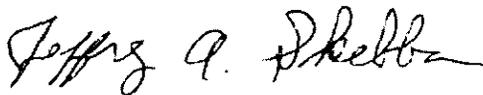

The company indicated that a new circulation pump was installed, and product flow rate was returned to normal by September 29, 2009. Based on the company's action plan provided, we have determined that the compliance plan is acceptable. The actions taken have corrected the violations and this emissions unit is now being operated in compliance with the permit requirements. Please note, however, that this does not preclude the Director from seeking civil penalties pursuant to ORC section 3704.06 for these violations.

Mr. Greg Morris  
 October 28, 2009  
 Page 2

The decision on whether to pursue or decline to pursue such penalties regarding this matter is dependent on several factors, one of which is the company's future compliance with applicable Ohio EPA requirements.

Should you have any questions or comments, feel free to contact me at (419) 373-3128.

Sincerely,

Jeffrey A. Skebba  
 Environmental Specialist  
 Division of Air Pollution Control
