Subject: Review of the Consumer Confidence Report Requirements

Ohio EPA received the Tri-County Water Authority PWS Consumer Confidence Report (CCR) for 2009. The CCR was reviewed for the required content. Based on our review, the Tri-County Water Authority PWS water system failed to include the following:

License to operate language to be included;

Section 18. NEW FOR 2009 CCRs License to Operate (LTO) Status Information
{One of four possible situations describes the status of a LTO. It must be included in the report.}

{If you were issued a green LTO, include a statement similar to the following}

We have a current, unconditioned license to operate our water system."

{If you were issued a yellow LTO, there are ongoing conditions or violations that continue to need to be met. Include statements similar to the following:}

We have a conditioned license to operate our public water system. The conditions require us to address ongoing violations. For more information on these violations, contact (name and phone number).

{If you were issued a red LTO, the license was revoked or suspended. Include statements similar to the following:}

Our license to operate this public water system was suspended/revoked based on ongoing violations. Until we address our violations and obtain a license to operate from the Ohio EPA, we are prohibited to operate this public water system. For more information on all of our violations, contact (name and phone number).

{If you failed to pay the LTO, statements similar to the following must be included:}

We did not have a current license to operate in 2009 as required by the Ohio EPA. We plan to pay the fee as soon as possible. To prevent this from happening in the future, we plan to pay the fee immediately upon request from the Ohio EPA.

Be sure to correct the deficiency as appropriate in your next CCR. The next report for calendar year 2010 must be sent to your customers no later than June 30, 2011. A copy of the CCR along with a Certification Form must be submitted to this office no later than July 1, 2011.
