Re: Warning Letter - Follow-up to Ohio EPA complaint investigation letter dated November 22, 2010, to Rob's Quality Automotive located at 7871 Middletown Rd., Crestline, OH.

Dear Mr. Taylor:

This letter shall serve as a follow-up to the complaint investigation letter dated November 22, 2010, for the above referenced facility prepared by Wendy Licht of this office. The complaint investigation letter, a copy of which is enclosed with this letter, requested that Rob's Quality Automotive provide information to Ohio EPA concerning the operation of the automotive repair and paint shop. A deadline of December 31, 2010 was given to the company to provide the information requested.

It is my understanding that you have contacted Mr. Ron Nabors of the Office of Compliance Assistance and Pollution Prevention (OCAPP), and that he has requested Material Safety Data Sheets (MSDS) for the coatings used. However, as of this date, Rob's Quality Automotive has not provided the information requested, and has made no effort to contact Ohio EPA with an alternate compliance date. Ohio EPA is therefore requesting a written response to this letter which clearly states the date by which the company will provide the information requested. Please provide this response by July 22, 2011.

Please note that the submission of the requested information to respond to this letter does not constitute a waiver of the Ohio EPA's authority to seek civil penalties pursuant to ORC section 3704.06. The Ohio EPA will make the decision on whether to pursue or decline to pursue such penalties regarding this matter at a later date.

Should you have any questions or comments concerning this letter, please contact me at (419) 373-3113 or electronically at [peggy.argabright@epa.state.oh.us](mailto:peggy.argabright@epa.state.oh.us).

Mr. Rob Taylor
