Mrs. Cathy Reichow
Dan R's Automotive
4041 Navarre Avenue
Oregon, Ohio 43616

Dear Mrs. Reichow:

Thank you for accompanying me during the Ohio Environmental Protection Agency's (Ohio EPA's) March 22, 2011, hazardous waste compliance evaluation inspection of Dan R's Automotive located at 4041 Navarre Avenue in Oregon, Ohio. We inspected Dan R's to determine its compliance with Ohio's hazardous waste laws as found in Chapter 3734 of the Ohio Revised Code (ORC), and Chapter 3745 of the Ohio Administrative Code. Pollution prevention options were also discussed during this inspection.

Dan R's performs service work on automobiles including oil changes, brake work, etc. Dan R's generates used oil filters which are hot drained and disposed of, fluorescent lamps/sodium halides which are recycled by Schneider, antifreeze recycled by Safety-Kleen, and shop towels which are laundered. You also have an onsite hot water wash which is serviced by Safety-Kleen. Dan R's has two on-site oil burners (Clean Burn) in which used oil generated from vehicle maintenance is burned.

The following violation of Ohio's used oil rules was observed and noted during the inspection.

1. **Used Oil Labeling, OAC Rule 3745-279-22(C)(1):**

Containers, aboveground tanks, and fill pipes used for underground storage tanks shall be labeled or marked clearly with the words "Used Oil".

Dan R's had a 250-gallon storage tank and a 2,000-gallon storage tank for used oil. Those tanks were properly labeled. Dan R's did have four containers that were not labeled with the words "Used Oil".

This violation was abated during my inspection. You properly labeled the containers with the words "Used Oil".

Enclosed you will find a copy of the checklists that I completed during the inspection. We discussed that you could potentially recycle your used oil filters as scrap metal. Ohio EPA also has helpful information about pollution prevention at the following web address:
<http://www.epa.ohio.gov/opp>.

Ohio EPA will issue an EPA ID number to track our inspection activity. Dan R's cannot use this number for manifesting hazardous waste shipments. If Dan R's wants to use an EPA ID number for manifesting and other hazardous waste, used oil or universal waste activities, you must complete and submit a Notification of Regulated Waste Activity form (*EPA Form 9029 (Rev. 11/2002)*) to Ohio EPA. You can obtain this form by contacting the Division of Hazardous Waste Management, Central Office, at (614) 644-2977 or on the Ohio EPA's website www.epa.ohio.gov. *This form can also be submitted electronically.*

The Division of Hazardous Waste Management has created an electronic news service to provide you with quick and timely updates on events and news related to hazardous waste activities in Ohio. If you haven't already, we encourage you to sign up for this free service. You can find more information at Web link <http://www.epa.ohio.gov/dhwm> (click on the link for DHWM Electronic Mailing List).

You can find copies of the rules and other information on the division's web page at <http://www.epa.ohio.gov/dhwm>. Should you have any questions or if I can be of assistance, please contact me at (419) 373-3114.

Sincerely,

Wendy Miller
