Mr. Phil Tipton, Service Manager
Dunn Chevrolet Buick
3000 Dustin Road
Oregon, Ohio 43616-3371

Dear Mr. Tipton:

I received your response to my March 3, 2009, Notice of Violation (NOV) letter on April 14, 2009. The documentation you submitted via facsimile included analytical data demonstrating that the spent paint booth filters generated at your facility do not exhibit any hazardous waste characteristics.

My review of this documentation reveals that Dunn Chevrolet Buick has now adequately demonstrated abatement of all violations discovered during the February 10, 2009, inspection as listed below:

1(a). OAC Rule 3745-52-11, Waste Evaluation (paint booth filters)

If you should have any questions, please feel free to contact me at 419-373-3056.

Sincerely,

Gary S. Deutschman
Environmental Specialist III
Division of Hazardous Waste Management
